PASSMORE WILLIAMSON
has undoubtedly had its influence in creating the unprecedented demand for this shie work, but its unequaled merit and marked ability will mark it beyond doubt rike nows exprective soon ver waiters so the turner.

It pessesses this great advantage over all its competitors, that its delibeations are accurately true to fact and nature in Southern Life. There is no mineing of matters. The book contains not only the truth, and nothing but the truth, but it contains also what no other book upon the shruth, but it contains also what no other book upon the embject has yet portrayed, that is, the whole frauth.

The memorriph has been submitted to several distinguished literary gentiemen, who have all characterized it as being abler, more graphic, and more artistically written than any other work which has yet preceded it on the subject. Says one: "There are scenes in its superior in dramatic power to the best contained in 'Uncle Tom's Chain.'" Says another: "The plot is far supported to the subject of the work with the subject of the work of the subject in the subject. Says one: "There are scenes in its superior in dramatic power to the best contained in 'Uncle Tom's Chain.'" Says another: "The plot is far supported to the subject. Says one that that in Ida May." A taird adds: "It is a bod and powerful work, and evidently the production of a writer of great talent."

Read it by all Booksellers.

GRADUAL EXERCISES IN WRITING THE ENGLISH LANGUAGE."
This takes inherto unsocupied ground, and consists moving of Exercises in Grammatical forms being a practical applies ion of the principles of grammar on a new plan to establish the habit of wiring correctly. After this habit is fixed, the next important step in Composition is Arrangement. This is tanght in a manner entirely new, giving but one process at a time, so simplifying the work as to render essential and to the teacher is imparing a correct a systematic method of thinking and writing. Price 62 errs. Published by

DANIEL BURGESS & Co., No. 50 Johnset, New York.

From the New York Observer.

"The plan and execution of this little book are admirable. It is designed for the young learner, as an introduction into the art of "writing compositions," and does not deal in rulesant of "writing compositions," and does not deal in rulesant of "writing compositions," and does not deal in rulesant of writing compositions, and does not deal in rulesant of the state of price of the compositions, and this is the mode of teaching which the experience only to burden the mismory which a new least weight—but begins at once with entertaining examples and exercises. There is a better way of learning than "by heart,"—it is learning by practice; and this is the mode of teaching which the experience d authors of this volume proposa. We give to new book a warmer welcome than one which is a teach of the teaching and acceptable and the sphere of this drug, and designed to lesson their early difficulties in the way of acquiring anowledge. Going to school is often as hiskene though, even to the intreligent scholar; and any successful attempt to lighten the load of little learners, is worthy of a word of commendation. This is a well simuled and well executed book, as dive duths not will be highly useful in the sphere for which it is adapted.
